Company Profile: Our Story

Eclipse Hospitality is a leading producer of high-quality hotel furniture with utmost accuracy, focus on quality, competitive pricing and unparalleled service. We specialize in manufacturing brand and custom casegoods and seating, with successfully completed projects throughout North America.

As hotel owners and operators ourselves of various franchises, we personally saw the challenges in procuring furniture that met our quality standards and came in within our timeline and budget demands. This led us on our mission to help fellow hoteliers with one of their largest expenditures for their property-- high quality furniture, provided in a timely fashion, at a competitive price.

After years of ensuring that our factories met the highest standard for state-of-the-art manufacturing capabilities, focus on quality assurance, and real-time shipping logistics, we successfully expanded offerings to the high-end market seeking a custom product with unique specifications and materials.

Frequently Asked Questions

- **How long has Eclipse been in business?** Eclipse was founded in 2008.
- **Factory locations & How long in Business?** Experienced factories in Asia, including China, Vietnam and Malaysia, producing consistent and repeatable product of the highest quality.
- **Production Capacity?** Each factory is capable of producing an average of 1,000 to 1,500 rooms per month.
- **Design Options?** We have direct relationships with most major surfacing vendors in North America and China, allowing to choose from a breadth of laminates, metals and veneers.
- **Minimum order?** One container (approximately 30 rooms).
- **Model Rooms?** Model rooms are available at 1.5x unit cost plus freight, with credit towards final order of same set.
- **Lead times?** Standard 10-12 weeks production based on 1-4 containers; larger projects can be completed in phases to suit delivery schedules. Shipping timeline varies based on North America location and ranges from 2.5-4 weeks.
- **Eclipse Financial Terms?** 50% deposit and 50% balance + freight due 4 weeks prior to shipping.
- **Quality Control?** Each factory has a full QC process for each department. Quality checks are done by Eclipse employees in raw cutting, machining, finishing and packaging.
- **How do we manage the project?** A U.S. based project manager will collaborate with client, designer and factory personnel to enable transparency and proactive communication to ensure project success.
- **Custom design capability?** Each project we do is custom work. Even if it's the most basic set of furniture, the project is still custom and built to specifications. Each project will be quoted based on specifications given and materials used.
- **Why Eclipse?** We are a small group of hospitality owners with extensive industry knowledge. We pride ourselves on the knowledge gained in this industry and the established relationships with our factories to ensure our quality guidelines and timelines are met for each and every project.
- **How do we instill confidence in our stakeholders?** Our portfolio of successfully completed projects should speak for itself, and give you assurance to partner with Eclipse to provide competitive bids and exceptional product performance on every job. We also provide a 2 year prorated warranty to our clients.
- **Are you approved by most major brands?** Yes, we are approved by most major brands. Our project portfolio is a testament to the various brands we work with. Most designers we work with have relationships with the Brand to obtain approval.
